# SAVINGS CALCULATOR

## Find out how much you can save

A lot of the benefits in FDA Portfolio are designed to save you money, from everyday purchases like grocery shopping to less frequent purchases such as car or home insurance. Using the online savings calculator, fill in how much you spend monthly or annually on certain areas to see how much you can save by utilising some of the benefits on offer.

**Check how much you could save at [www.fda.org.uk/FDAPortfolio](http://www.fda.org.uk/FDAPortfolio)**

# PRICE PROMISES

We realise that it is becoming increasingly easy to find 'competitive' deals and offers through work or on the internet. That's why many of the benefits carry a stamp:

## **National Price Promise**

This stamp means that you should be getting the best possible price/deal in the UK, for this product or service.

## **Provider Price Promise**

This stamp means that you should be getting the best possible price/deal that this company makes available.

If you find a better price than that offered by one of our providers we will challenge that provider to both match that price AND add a little something extra in recognition of your time.

Individual terms and conditions apply to benefits bearing a price promise stamp, see FDA Portfolio website for details.

Terms and conditions apply to all benefits. See FDA Portfolio website for details. Offers and prices subject to change without notice. All insurance is subject to underwriting. Some benefits not available in N.Ireland or outside of the United Kingdom. Some benefits for new customers only. FDA Portfolio is managed on behalf of FDA by Parliament Hill Ltd of 3rd Floor, 127 Cheapside London, EC2V 6BT who are authorised and regulated by the Financial Conduct Authority for non-investment insurance mediation only under register number is 308448. Details can be checked on the Financial Services register by visiting [www.fsa.gov.uk/register/home.do](http://www.fsa.gov.uk/register/home.do), or by phoning the FCA on 0845 111 6768. Neither Parliament Hill Ltd nor FDA are part of the same group as a provider.
